

from one family

...to another

Maidment Development Group is a privately owned family company, based in North Queensland, founded by Glen and Annette Maidment.

Residential developments are Maidment's passion. Our quest to continue to create a new standard of communities has lead us to sanctum. And we won't move out as you move in.

Maidment's hands-on approach means we will be a part of sanctum long after the last block is sold.

Sanctum has been meticulously planned and designed so that as you and your neighbours each finish creating your individual homes, you'll be able to look up and see a complete community.

sanctum
MASTER PLANNED. MASTER BUILT. MASTER PIECE

A young boy with brown hair and a red shirt, and a young girl with blonde hair and a pink top, are peeking over a white fence. The background is a solid blue color. The word 'jump' is written in a white, chalky font above the girl, with an arrow pointing upwards from the 'j' to the 'p'.

jump

over to our side of the fence

When complete, 1300 families will call sanctum home. On blocks ranging from 450m² to 1200m², in homes custom-built by the cream of North Queensland's construction industry. Each enjoying unmatched data and communications technology through

optic fibre cable and sharing 28 hectares of parkland. These parklands include playgrounds, landscaping, wilderness walks and entertainment areas woven around a 3 kilometre waterway that meanders through it's length.

home to 28 *deck chairs* hectares

...of beautiful open parkland

It is your sanctuary from Day 1.

When complete 28 hectares of parkland will run directly through the middle of the estate offering residents a beautifully landscaped environment including gardens and walkways featured throughout.

There are also barbecue areas, fitness stations and playground areas along the way, enabling you and your family to find the perfect balance between work and life. Each block is landscaped right to the property line. Each roundabout, each nature strip - turfed and planted. All before building begins.
